Kestell's Folding Leg Farm Tables, with our exclusive leg mechanism, are easy to set up and take down with no tools necessary. The legs are securely held in the folded position. The tables feature a pine top and apron with maple legs. We can even provide an additional set of legs of a different height to give you more ways to use your tables. We have four standard sizes, but in many cases we can build a table to exactly suit your needs.

Custom and round tables are available!

ABOUT US

Kestell Furniture LLC, located in New Holstein, WI is one of the oldest and largest manufacturers of hardwood folding chairs produced in the USA and has been family owned and operated since its establishment in the 1950's.

The Kestell 210 Series rental chair has been copied by competitors for many years, but our quality of craftsmanship, superior construction methods, and use of slow-growth northern hardwoods is unmatched. When event organizers ask for wood folding chairs in white, black, natural and stained finishes, KESTELL is the name associated with quality and durability.

Recognizing a need for quality folding leg farm tables in the rental industry, Kestell was one of the first to develop a line of portable tables in a range of sizes including custom sizes too. Each table is made with the same craftsmanship as our #210 Series Chair and features a folding leg mechanism made exclusively for Kestell ensuring set up and tear down of tables are easy with no tools required. Kestell benches are a perfect match with our folding leg Farm Tables or looks beautiful arranged as pews for a wedding ceremony and other events. The legs are angled for extra stability, are removable, and store securely underneath again with no tools necessary.

Every year Kestell strives to offer new products. In 2018, we added our Cocktail, Display & Bar Barrel Tables, which highlights a removable handcrafted Rustic Farm Table Top supported by a reclaimed matching Whiskey Barrel. The Rustic Farm Table Tops and Barrels can be purchased separately allowing our Rustic Table Tops to be interchangeable between any Barrel purchased from Kestell. Table tops are removable with no tools needed making it easy to set up or take down and minimizes storage space. In 2019 we introduced a new Timberwood finish as well as table risers which help elevate your event arrangement, decor and provide more vertical space to work your creativity. And now in 2020, we are excited to show our new whitewash finish and storage bags to protect tables from damage during transportation and storage.
